Hon. A. J. McLean, Minister of Public Works, and H. E. Beattie, Automobile Inspector, of Edmonton, were in town on Thursday, on a road inspection tour. While here they were driven over the roads in this vicinity by Mayor Morrison, and their condition full justified the desire shown for improvements. The visitors returned east the same evening.

Rev. D. K. Allan was asked to officiate at the funeral of Private Smailey on Tuesday, June 11th. Private Smailey had seen some stiff fighting in France, but had to be invalided back to Canada and at the time of his death was in Frank Sanitarium. He was from Scotland originally, and his parents are still there, while a brother resides near Calgary. There was a good turnout of soldiers and civilians to pay their last respects to his memory. The body was interred in Blairmore cemetery.

Fishing and Canoeing in Algonquin Park, The Record of a Cruise on the Kawartha Lakes, Bear Hunting on Peace River, On the Trail of Ogare, A Day on the Bras D'Or Lakes, are some of the contents of the June issue of Rod and Gun now on the newsstands. The Guns and ammunition department this month is of special interest containing as it does a carefully written and practical article by one who has been "over there" on Sharpshooting in the Trenches. Every prospective soldier should read this article for it tells the soldier how to shoot to kill, and this is what is needed if we are to win this war. There are other articles in this section worthy of note and the Fishing notes section is up to its usual standard. Rod and Gun, the magazine of outdoor life in Canada, is published by W. J. Taylor, Limited at Woodstock, Ont.

Five slackers were taken east on Wednesday night under military escort.

Prohibition Has Been a Great Help
to the Russians.
The liquor men these days are
wont to point to Russia as a field

"It is a good thing that we have something more than long staidness," said the foolish talker. "The 'Survey' published last issue an interview with Count Tolstoy on the occasion of the famous Russian novelist's death two days or so ago when he said:

"It is utterly absurd to say that the people are against prohibition. Nothing to do with prohibition! Prohibition has been the greatest blessing of my life. I am very much in its favor. If it were not for prohibition, I hope nothing will be done to disturb it." Of course, there are still some bad things and some times poisons. But as you see, there is very small and utterly neg-

harm frequently paired with the giving of anything to do with the sustenance of down beer, wine and food. In the quarter, they would have been a revenue worse if the people had not been able to buy food and drink. It was not a sale of beverages... Prohibition is a blessing. It is no way has it set back the progress of the world. The Hazelwood, Social Service Department.

A Prophecy Fulfilled

The capture of Jerusalem by the British under General Allenby has been received by a correspondent of the New York Sun, which declared that the conqueror of the city had entered the city on foot and that his name would be the combined name of Allenby, the story goes, fits the prophecy, his name is considered to be the name of the conqueror of the city, God, and nobly, meaning the Prophet.

Editorial Comment

Registration Day, Saturday, June 22nd.

Several million people have to be registered in one day and it will be a big job.

Help the Deputy Registrars by getting a blank form and having it filled out before the 22nd.

Don't fail to register early, but you may omit the "often" which applied to voting in the days before conservation was as popular as it is now.

The war news makes us anxious but the final outcome is not doubted on this side of the water—yet. The old idea that right must prevail, however, is changing to "right should prevail." Just a change in the verb, that's all.

The people of Canada are still wasting too much money on luxuries according to Sir Thomas White, and further restrictions on importations will follow if there is not an immediate change. The money that is being wasted is increasing the price of necessities to the poor, and the money is needed for the purchase of Victory bonds and other war issues.

The Dominion of Canada is now in debt over \$1,000,000, or nearly \$150 for every man, woman and child within her borders. But tremendous as this amount is it is the least of our troubles nowadays. Money in bulk has no significance any more. The price is small if victory is achieved.

The Blairmore Enterprise has an amateur Bill Sykes operating in this district. Cheer up, brother, it may not be as bad as it looks.

In England and France they encourage people to go to the theatres and other places of amusement. In this country we propose to limit the amount anyone may have. In some places they consider the effect of restrictions a little; here we rush blindly into supposed reforms and end frequently in making everybody sick of the whole thing.

Somebody sold liquor in a pool room, because after the hotels were closed the pool rooms were about the only places in the smaller towns and villages where it was possible to sit down or get warm and feel at home. As a consequence farmers waiting for their teams and almost everyone else, good and bad alike, made the pool room their headquarters when forced to wait in town. As a result, largely, of providing accommodation for the public, a new set of restrictions is in order and a number of them will be closed up. The most nauseating dose in the world is too much of a good thing.

While the Food Board is notifying the people of the towns and villages they will have to get out and take off the crop, we are multiplying boards, commissions, inspectors, police, etc., until there will soon be more able-bodied law makers and law enforcers than there will be of the same class to obey them.

The Ontario farmer who proposed, in a convention at Toronto recently, that they should refuse to let their sons be taken for military purposes might not have been a pro German, but there are people in jail whose offence against the people was trivial as compared to an attempt to lead a convention of farmers into disloyalty at the present crisis.

The first step to secure adequate help for the harvest should be to replace every able bodied man possible with the physically unfit. The process should start with the cabinet ministers of both Dominion and Provinces and include every branch of the government service, from judges of the supreme court down; the members of the Canadian Food Board and its employees and the members of all commissions, etc., that have been or may be appointed. With a start like this the country would produce a force that would take off ten crops the size of the one anticipated. To have two-thirds of the able bodied running the other third to do the work is not meeting with much success. To such matters the man who writes that weekly editorial sent around to the newspapers on behalf of the Food Board should be sent to Europe and his literary productions sent off in the enemy's territory. It would save gas.

As rapidly as vessels can carry them across the Atlantic, United States troops are pouring into France. There will be more than a million of them there by the end of July, with the stream still continuing. Already the Americans are holding important sections of the Allied line and are showing the same fine fighting qualities that mark all the Allies as superior to the enemy. Under the system now in operation the time taken in hardening these troops for the front line has been materially shortened. Every day sees the enemy growing weaker in man power and the Allies stronger. The final result is certain; the only question is just how long it will take.—Calgary Herald.

Synopsis of Coal Mining Regulations

Coal mining rights of the Dominion, in Manitoba, Saskatchewan and Alberta, the Yukon territory and the North-West territories and in a portion of British Columbia, may be leased for a term of twenty-one years at an annual rental of \$1 per acre. Not more than 100 acres will be leased to any applicant. An application for a lease must be made by the applicant in person to the agent or sub-agent of the district in which the rights apply for any situation.

In leased territory the land must be described by sections, or legal subdivisions of sections and in unleased territory the tract applied for should be staked out by the applicant in his own name.

Each application must be accompanied by a fee of \$5 which will be refunded if the rights applied for are not available, but not otherwise. A royalty shall be paid to the merchant, at the rate of one cent per ton.

The person operating the mine shall furnish the Agent with sworn reports accounting for the full quantity of merchantable coal mined and sold or royalty thereon. If the coal mining rights are not being operated, such reports should be furnished at least once a year.

The lease will include coal mining rights only, but the lessee may be permitted to purchase whatever available surface right may be considered necessary for the workings of the mine at the rate of \$10 per acre.

For full information application should be made to the Secretary of the Department of the Interior, Ottawa, or to any Agent or Sub-Agent of Dominion Lands.

W. W. COLEY,

Deputy Minister of the Interior.

Canada's Registration

Its Purpose and Application

CANADA faces the gravest crisis in her history. Four years of war have taken from the Dominion a heavy toll in talent and labor, yet despite the shortage of man power, our Allies still depend on Canada to maintain her own fighting forces at full strength and to increase her exports of food and war materials, so vital to them, and to the successful prosecution of the war.

Every ounce by which Canada can increase her food production and every ounce Canada can save in her food consumption is needed for export to the Allies. Should the war continue for another year, food cards and a rationing system may have to be instituted. It is the duty of Canada to be prepared for whatever situation circumstances may force upon her.

It is quite probable that before the war is won our Government may have to place restrictions upon the occupations in which men and women may engage. In such an event the Government wishes to be in a position to render all possible assistance in keeping our population usefully and profitably employed.

Registration Day, June 22nd

These conditions point to the necessity of Canada knowing the exact capabilities of her men and women at home.

All persons residing in Canada, male or female, British or alien of 16 years and over, will be required to register on June 22nd and truthfully answer the questions set forth upon the registration card.

It is not the Government's intention to conscript labour in any form, but to assist in directing it wisely,

so that every available unit of human energy may be utilized to the best advantage.

The information procured through registration will be used—as an aid to the Military Authorities in procuring the men necessary to maintain "Canada's First Line of Defence"—to mobilize all units of available labor in the Dominion and direct them from less essential to more essential occupations—to establish and intelligently administer a system of food rationing should that become necessary.

Issued by authority of Canada Registration Board

Why Should He Go To Blairmore?

The prompt but efficient use of the stomach pump prevented serious, if not fatal consequences in the case of a popular young man of Coleman, who had been visiting Blairmore during the fore part of the week. The mixture is alleged to have contained a percentage of wood alcohol and gasoline enough to disgrace Buck's salted well.—Blairmore Enterprise.

With regard to whether the Enterprise was trying to display the quality of booze available or the particular virtues of the stomach pump need we pass the "Buck." How on earth did the popular young man make the mistake of going to Blairmore?

Western Flour Mills Grind White Corn Flours

All the flour mills of western Canada are now grinding white corn flour and oat flour, following arrangements completed with the Canada food board. The board has also arranged with the millers and several elevator companies for the distribution of these flours throughout the western provinces. Prices have been fixed for oat flour at \$9.80 a barrel; \$4.50 for 98 lbs.; \$2.50 for 49 lbs. and \$1.20 for 24 lbs., at the prevailing price of oats.

Municipalities Ask That Veterans Be Exempt.

It was resolved that all property of the Great War Veterans association should be exempted from taxation and that the government amend the Municipal act to make this possible at the concluding session of the conference of the Union of Saskatchewan Municipalities at Regina recently.

Births of British Parentage Decreasing.

An increasing percentage of the newly born population of Alberta are in the homes of the foreign speaking people, with a small, but steady decrease in the births of British parents, according to the vital statistics for 1917, recently completed.

A Matrimonial Prize!

A young man, who during his brief career, had never been required to do very much labor at home, enlisted for the present war and is now in camp "Somewhere in Canada." A few days ago his mother received a letter from him in which he said that he had never worked so hard in his life, that he had been doing kitchen work, making beds, washing and drying dishes, etc., and that when he returned from the war he would make some fellow the very best wife that ever was.—Exchange.

Out of Sub Reach.

The air mail is not to wait till the end of the war after all. At any rate a Norwegian company, whose shares are well subscribed, has been formed to establish an air service between Aberdeen and Stavanger to counter the submarine. The 300 miles have already been done in 5 hours, and it is hoped to reduce this.—London Daily News.

100,000 Licenses

Still to Issue.

Up to date something like 25,000 have been issued to dealers in foodstuffs by the food

board. Another 100,000 have still to go out. These include wholesale and retail grocers, wholesale fish dealers, bakers, wholesale produce dealers, fruit and vegetable dealers, millers and cereal manufacturers. In addition to these there are some 17,000 public eating places to be under license by July 1st.

Sale of Work and Tea.

The ladies of St. Alban's Church are holding a donation sale of work on Saturday, June 15th, in the Parish Hall. Ice cream and afternoon tea will be served, beginning at four o'clock in the afternoon.

Admission 25 and 50 Cents.

There is no such thing as standing still in business.

There must be progress or there will be retrogression.

If you get behind the times oblivion stares you in the face.

The most modern adjunct to successful merchandising is consistent and persistent advertising.

It is being used in every direction to snatch your business away from you.

It is your natural weapon of defence.

Are you using it?

Procedure of Registration

On June 22nd every person residing in Canada, male or female, British or alien, of sixteen years or over, must attend one of the registration booths located in his or her district, and there observe the procedure explained below.

Where to Register

Every person required to register has the privilege of registering at any of the public places provided for that purpose. The location of all such places will be specified in proclamations posted conspicuously.

The card shown in the illustration is a facsimile of the registration card for males. An advertisement showing the card for females appears in another paper.

Study the questions carefully so that you will be able to answer them promptly when registering. Myself have any special qualification, or feel that your services would be more beneficial to the country in some other line of work, say so.

While all are compelled to register on Registration Day, it is not contemplated by the Government to force the sick, feeble and aged to turn out. If such persons will notify the Registrar prior to June 22nd of their inability to attend at a place of registration, an effort will be made to register them at home, provided the request is reasonable and justified.

Remember the Day—June 22nd—Remember the Hours—7 a.m. to 10 p.m. Register early and get your Certificate for your own protection.
